

# Symposium

## *Comparative Immunology*

**Date:** Tuesday, September 17, Auditorium 1 (Blått), Rikshospitalet

**Time:** 12:00 – 14:00

12:00 **Shuo-Wang Qiao**, Institute of Clinical Medicine, Department of Immunology, University of Oslo.

Title: *"The unique immune system of Atlantic cod"*

12:30 **Victor Greiff**, Department of Immunology, University of Oslo

Title: *"A finite vocabulary of antibody-antigen interaction enables predictability of paratope-epitope binding"*

13:00 **Peter Parham**, Departments of Structural Biology and Microbiology & Immunology at the Stanford University School of Medicine.

Title: *"MHC class I of Humans and their Closest Relatives"*

Refreshments will be served from 11:45. There will be no breaks between the speakers.

**We look forward to seeing you there!**

UiO FOCiS Center of Excellence

EXCELLENCE**

**Peter Parham**

Professor  
Stanford University School of Medicine  
USA

**Keynote speaker**

Dr. Parham's research has focused on proteins of the human immune system that vary greatly between individuals and populations. These differences, the consequence of natural selection, not only modulate the immune response to infection and cancer, but also influence the success of reproduction and therapeutic transplantation of cells, tissues and organs.

**Speaker****Shuo-Wang Qiao**

Associate Professor  
Institute of Clinical Medicine  
Department of Immunology  
University of Oslo

**Speaker****Victor Greiff**

Associate Professor  
Department of Immunology  
University of Oslo
