

| Dekani fullmakt - oppnevning av bedømmelseskomité |             |                         |             |   |   |
|---|-------------|-------------------------|-------------|---|---|
| Dato  | Tittel      | Navn                    | Sted        | Avhandlingstittel   | Bedømmelseskomité   |
| 22.09.2010  | Cand.med.   | <b>Bjørn Brathen</b>    | IKM/Ullevål | Myocardial protection in heart valve surgery  | Professor Rolf Busund, Thoraxkirurgisk avdeling, UNN, Tromsø; Professor Leidulf Segadal, Thoraxkirurgisk avdeling, Haukeland universitetssykehus, Bergen; Professor Ingebjørg Seljeflot, Klinmed, UiO   |
| 23.09.2010  | Cand.med.   | <b>Jostein Grimsmo</b>  | IKM/Ullevål | Cardiorespiratory function, atrial fibrillation and cardiovascular health effects of long-term endurance training in three different age groups of former or current long distance cross-country skiers. A 28-30 year follow-up study | Associate professor Mats Börjesson, Avdeling for akutt og kardiovaskulær medisin, Sahlgrenska akademien, Göteborg; Førsteamanuensis Asbjørn Støylen, Institutt for sirkulasjon og bildediagnostikk, NTNU, Trondheim; Professor Knut Gjesdal, Klinmed, UiO   |
| 22.09.2010  | Cand.scient | <b>Björg Mikalsen</b>   | IKM/RH      | Genome-wide endothelial cell activation profiles and matricellular protein expression after solid organ transplantation   | Assoc. Prof. Annika Wernerson, Div. of Pathology, Karolinska, Stockholm. Prof. Eivind Hovig, Inst. for kreftforskning, OUS, Dnr. Førsteaman. Ben Davidson, Avd. for patologi, Klin. for diagnostikk og intervensjon, Klinmed.   |
| 30.09.2010  | Cand.med.   | <b>Ernst K. Rødland</b> | IKM/RH      | Immunopathogenesis of infections with <i>Aspergillus fumigatus</i>  | Prof. Rolf Walstad, Lungeavd., St.Olavs Hospital, Tr.heim. Overlege Per Sandven, Nasj. Folkehelseinst., Oslo. Prof. Øystein Bruserud, Hematologisk avd., Haukeland univ.sykehus, Bergen.  |
| 12.10.2010  | Cand.med.   | <b>Marianne Skreden</b> | IKM/RH      | Psychological distress in mothers and fathers - Long-term follow-up after birth of healthy children and children with malformations.  | Professor Ann-Mari Brubakk, Kvinne-barnsenteret, St.Olavs Hospital, Tr.heim. Professor Øivind Ekeberg, IMB, UiO. Prof. Drude Fugelseth, Barnesenteret, Klinmed (UUS).   |
| 18.10.2010  | Siv.ing.    | <b>Pia Osenbroch</b>    | IKM/RH      | Characterization of mitochondrial function in three distinct model systems for Cockayne Syndrome, hCMV-infection and NSC differentiation.   | Professor Tinna Stevnsner, Danish Center for Molecular Gerontology and Danish Aging Research Center, Department of Molecular Biology, Aarhus University, Danmark. Førsteamanuensis Karl Johan Tronstad, Inst. for biomedisin, Cellnett, UiB. Professor Kristin Austlid Taskén, Kirurgisk klinikk, Klinmed (Aker). |

|            |             |                               |             |  |  |
|------------|-------------|-------------------------------|-------------|--|--|
| 15.10.2010 | Cand.med.   | <b>Bjørnar Leangen Grenne</b> | IKM/RH      | Early risk stratification by echocardiography in acute coronary syndromes.                         | Professor Eva Gerds, Institutt for indremedisin, Seksjon for kardiologi, Haukeland univ.sykehus, Bergen. Associate Professor Jan Engvall, Division of Cardiovascular Medicine, Dept. of Medical and Health Sciences, Faculty of Health Sciences, Linköping Universitet, Sverige. Professor Pål Smith, Kardiologisk avdeling, Klinmed (Ahus). |
| 12.10.2010 | Cand.med.   | <b>Egil Bakkeheim</b>         | IKM/Ullevål | INFLAMMATION AND "STRESS" IN ASTHMA AND ALLERGY; ARE OXIDATIVE STATE AND CORTISOL LEVELS INVOLVED? | Professor Kostas Priftis, Department of Allergy-Pneumonology, Penteli Children's Hospital, Greece. Professor Sverre Steinsvåg, ØNM-avdelingen, Sykehuset Sørlandet, Kristiansand. Associate Professor Are Martin Holm, Klinmed, UiO  |
| 25.10.2010 | Cand.scient | <b>Knut Husø Lauritzen</b>    | IKM/RH      | Mitochondrial DNA Damage in forebrain neurons of mice.   | Associate Professor Tinna V. Stevnsner, Danish Center for Molecular Gerontology and Danish Aging Research Center, Department of Molecular Biolog, Aarhus University, Denmark. Professor Svein Bjelland, Institutt for matematikk og naturvitenskap, Universitetet i Stavanger. Forsker Hilde Nilsen, Bioteknologisenteret, UiO.              |
