Valgreglement for Universitetet i Oslo

Vedtatt av universitetsstyret 5. mai 2015, ikrafttreden 20. mai 2015 med endringer 8.

september og 18. oktober 2016 og 22. februar 2017.

§ 26 Valgoppgjør

1. Ved opptellingen til dekan/prodekanvalg gis stemmene fra de ulike gruppene tilsvarende vekt som ved valg av rektor (jf. § 18). Tilsvarende gjelder ved valg av instituttleder/stedfortreder for instituttleder. Nedenfor skal "flestepremie" forstås som "størst samlet stemmevekt", og tilsvarende for liknende uttrykk.
2. Dersom det innen fristen som er fastsatt i tidsplanen bare har kommet ett kandidatforslag på hhv. dekan/prodekan og instituttleder/stedfortreder for instituttleder, holdes det ikke valg etter reglene foran. I så fall foretas valget av det sittende fakultetsstyret/instituttstyret. Den foreslåtte kandidaten anses som valgt dersom det er flertall av alle valgte representanter (enten de er til stede eller ikke) for dette. Dersom slikt flertall ikke foreligger, startes valgprosessen på ny. Valgstyret fastsetter nytt tidspunkt for start og slutt på valget og tidsplan.
3. Dersom det er to kandidater, er den valgt som har fått flestepremie.
4. Dersom det er flere kandidater, gjennomføres valget som preferansevalg. Se vedlegg 3.
5. Ved stemmelikhet holdes loddtrekning.
